Atlas Block Co. Limited – Worry Free Guarantee – 15288 Hwy 12, PO Box 670 - Midland, Ontario – L4R 4P4

Step 5 – Guarantee, Registration and Registration Terms

Atlas Block respects your privacy and your information will not be disclosed to any third party (see Privacy Policy) Atlas Block Co. Limited provides a transferable lifetime guarantee on the structural integrity of all manufactured interlocking concrete paving units and retaining wall products, for residential applications. This guarantee includes coverage of abnormal deterioration of the surface from use of sodium chloride (NaCl) as a de-icing salt. Should any product installed according **ICPI** installation guidelines for pavers, **Allan Block** or **NCMA** installation guidelines for retaining walls break, crack, or be otherwise damaged, Atlas Block will replace the manufactured product and cover the replacement labour with proof of purchase. Register within 60 days of purchase to ensure activation of your “Worry Free” guarantee.

Efflorescence is a naturally occurring process in all concrete products that sometimes appears in the form of a white powdery film on the concrete surface. It does not, in any way, compromise the functionality or the structural integrity of the product and as such is not covered under the guarantee. Efflorescence will wear off over time or can be cleaned with efflorescence cleaner. For industry information about efflorescence, please visit www.icpi.org or www.ncma.org.

Atlas Block cannot guarantee the colour match of replacement units.

Atlas Block reserves the right to validate any proof of purchase. Improper installation and/or use of non-proprietary cleaners or sealers may void guarantee. Use of materials for applications other than for which they were intended may void guarantee. By completing this form you understand and agree that Atlas Block may need to contact you for clarification of information.
